Please submit this completed form to ctrl@emory.edu.

The Controller's Office will discuss your request with your Chief Business Officer (CBO) to determine your level of access. If your access is approved, you will receive information from the Controller's Office on how to complete the required training course. Approval from the Controller's Office and training completion are required before you receive access. Access will be granted within 2 business days of successfully completing training.

When an employee has never had access to the General Ledger, or no longer has access, please complete the following courses in Brainier.	
Compass: Introduction to General Ledger WorkCenter & Journals	Compass: Journal Mover
